

# **2019 FETSA Conference – Exhibition – AGM**

---

**TARRAGONA, Spain  
June 11th – 13th 2019**

**Dear Member,**

**The FETSA Conference & Exhibition 2019 and Annual General Meeting (AGM), sixth edition in the present format, will take place in Tarragona (Spain) from 11 till 13 June 2019.**

**This year is the 25<sup>th</sup> anniversary of FETSA and a specific location has been chosen to keep this event. Nearby Tarragona port and city, all activities will take place in the PortAventura Resort and Congress Center.**

**Similar scenario will be followed as last year in Göteborg. This means that the AGM will take place on the first day. On the next day, a full day is foreseen for exhibition and conference and on the third day visits in the Tarragona area are organised.**

**It is important to book in time your participation and hotel room due to the commercial importance and touristic pressure of this region.**

**As usual, this event creates the opportunity to meet colleagues of the European Tank Storage Industry, professional delegates and tank storage related suppliers in very relaxed way.**

**The direct contacts between exhibitors and delegates in a very informal but direct way (conference, breaks, lunches, breakfasts, port visit and dinner) are the key stones of this concept. This unique conference is not based on commercial grounds but on economical, technical and strategical needs for our business. All topics have a direct link with our daily activities and a number of them will have an important influence on decisions to be taken in the near or long future.**

**This event is also the only event, yearly organised, coordinated and executed by and for the independent tank storage companies and with the support of Easyfairs.**

**At the same time we can rely on the support and knowledge of our host, Asterquigas, the Spanish Tank Storage Organisation**

**Further information can be provided by FETSA in Brussels**

**Or by the national associations**

**Asterquigas - Madrid (Spain)**

**BATO (Essenscia) - Brussels (Belgium)**

**TSA - Londen (United Kingdom)**

**Unione Petrolifera - Rome (Italy)**
